2. Closing system for oil regulation in the case, exclusively by U-BOAT specialized technicians. **M**

CARE AND MAINTENANCE

- The precision mechanism in your watch will provide long-lasting performance when properly cared for.
- We recommend taking your watch to an Authorised Retailer/Authorised Service Centre every year for a check-up, perform ordinary maintenance on all mechanical parts and restore of water-resistance.
- We also advise taking your watch to an Authorised Retailer/Authorised Service Centre to change the strap.
- Avoid leaving your watch where it is exposed to large temperature variations, humidity, the sun and strong magnetic fields.
- Make sure the watch is in adequate conditions for water use/activities.
- Remember to rinse the watch after it comes into contact with seawater.
- Automatic watches require manual winding following a long period of inactivity.

OPTIMAL OPERATING CONDITIONS 0°/+60°C WHEN NOT WORK.
